- Cell Phones: Cell phones are to be turned off while attending class or taking a test. No incoming or outgoing calls can be made while attending class or taking a test.
- Web Access: This course requires students to access and use various internet resources such as email, Blackboard and **OWL (On-line Web-based Learning)**. You are required to know how to access and use these resources. Incorrect use of these resources, internet service provider problems, home computer problems, etc. will not excuse a student from submitting Assignments or Quizzes on time.

Step 2: Click on the Login button

Nine assignments will be given during the semester. There will be no make-up assignments. The assignment with the lowest grade will be dropped.
- Quizzes: Quizzes will be given though Blackboard during the semester. There will be no make-up quizzes. The quiz with the lowest grade will be dropped.

Tests: There will be three tests during the semester. The dates for these tests are listed on the attached schedule. There are no make-up tests. A missed test will result in the final exam counting for additional percentage points equivalent to that of one test. If you miss more than one test, you will be assigned a grade of zero for each additional missed test beyond the first missed test.

Calculators: Programmable and graphics calculators are not permitted during tests. Calculators will be necessary for taking tests and quizzes. In no case may calculators be passed from one student to another during a quiz or a test. The lack of an operable calculator will not excuse a student from having to solve a problem

Grading: Quizzes and Assignments = 20 % of overall score  
Tests = 60 % of overall score  
Final Exam = 20 % of overall score
