Honors Advising

Feeling good and hungry (for knowledge)? It's advising time! While capstone students should continue coordinating with Jodi Ferner, all pre-capstone students should meet with Honors Advisor David Kime or one of our outstanding Peer Advisors, Ashley, Audrey, Colleen, Jessica, or McKenzie. How do you know which one to meet with? It's can't be simpler...just e-mail honorsadvisor@nku.edu and our advising team will let you know who your advisor is and when you can meet with him or her.

Honors Course Title Corrections

- HNR 303-001 is incorrectly listed in the Pink Book as "Rock Documentary." The correct title is "Making Rock Documentary." The course is *different* than last year's "Rock Documentary" and all students who took that course are invited to enroll. In this course we will actually MAKE rock films of our own! Email Ali Godel (godela1@nku.edu) for more info or questions.
- CMST 101H is a Mayerson Student Philanthropy Project course. Students who enroll in CMST 101H will participate in the Mayerson Student Philanthropy Project. Speech assignments for the course will focus on philanthropy, community partnerships, volunteerism, civic engagement and social justice. Email Ali Godel (godela1@nku.edu) for more info or questions.

Community Service reaches across borders

HITF will be returning to Viboritas, Zacatecas, Mexico over Alternative Spring Break! The children in this community live in real poverty, most with a father or other male relative living in the U.S. just to make enough money to feed the family. The community values education, so, HITF will be helping stock a school library, set-up sustainable English language programs, and provide equipment for outdoor games. We will be having a fundraising event in December! So, watch for details and save your Christmas money!! For more info contact Kelli Sittason (sittasonk@nku.edu).
