A Mobius Marriage

Your marriage is not falling apart because you stopped falling in love.... you just don't have the *right* wedding band!

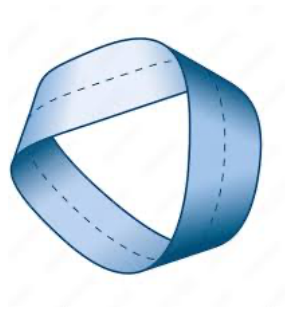

The typical wedding band is an UNKNOT, leaving you and your partner disconnected. But don't worry, with the all-new Mobius wedding band, you and your partner will be LINKED together for life!

These Mobius wedding bands are COMPLIMENTARY at your first session with Mathemalcony's finest marriage counselor.

Why do we need a Mobius wedding band?

- A Mobius band has only ONE side and ONE edge, just as you and your partner are united as ONE in marriage.

- Marriage is tough! Life will CUT you! But that will only make your love for each other GROW!
