

NORSE PROTECTS NORSE

Being a part of Norse Nation means that we protect each other. Therefore, I commit to help keep the NKU community safe by:

protecting myself

- Self-monitor for symptoms of COVID-19 using the Healthy@NKU app and contact a medical professional if advised.
- Wash my hands often with soap and water or use hand sanitizer.

protecting others

- Wear facial covering while on campus.
- Maintain appropriate social distancing, especially indoors and in the presence of vulnerable members of my community.
- Stay home if I feel ill, have symptoms associated with COVID-19, or after exposure to someone who is ill or has tested positive for COVID-19.
- Be kind, empathetic and helpful.

protecting the community

- Keep my belongings, personal spaces, and shared spaces clean.
- Participate in testing and contact tracing when advised to do so.
- Follow all posted guidelines.

**HEALTHY
@NKU**
