Deficiencies and Holds

To better understand the reason for a deficiency or hold that has been placed on a student account, click on the icon ( or ) for more information. Where applicable, a clickable Display Help link can provide next steps and contact details.

NOTE: A deficiency or hold DOES NOT prevent a student from planning or placing courses in the registration cart.

However, certain types of holds CAN prevent a student from enrolling (booking/registering) in a course. To see a list of holds and the associated actions, visit the Office of the University Registrar website.

Registration Window

Upon choosing the (academic) term for registration, the registration window will appear. A term must be chosen before any registration browsing (Search), planning (adding courses to the Cart) or enrollment (Registering/Booked) actions can begin.
How to Search for Courses

Basic search

1. Enter a course in the Course Basic Search textbox. **Note:** Courses in which the alphabetical prefix contains three letters (PSY) require a space between the last letter and the first number, while courses with four letter prefixes (CMST) DO NOT require a space, e.g. *PSY 100, CMST101*

2. Click Search. All column headings are clickable allowing for sorting in asc or desc order.

Advanced search

1. Click on the advanced search filter icon.

2. After configuring filter, click on search by filter.

3. Multiple choices can be made in the configure filter for search results.

Combined search

A basic search can be combined with an advanced search. **Note:** In the example below, the course CMST101 was added to the basic search area (Item 1). Then an advanced search delivery filter was applied to find only online courses (Item 2). When choosing delivery online from the configure filter, the results will immediately change (Item 3).

Course Details

To the left of the course is an information icon, that when clicked, offers additional details such as available seats, instructor, course materials, course description, course requirements, and course type.

Frequently Asked Questions

1. **What is booking outside of career**...it means that the program type (graduate or undergraduate) does not match the level of the course, i.e. choosing a graduate level program type and then attempting to enroll in STA 205, which is an undergraduate course.

2. **Most sections for this semester can no longer be added**...courses have a window of dates for enrollment. The enrollment attempt for the course is beyond that allowable window.

3. **Not enough prerequisites and/or co-requisites have been met**...the courses must be enrolled at the same time. See how to enroll in co-requisites on page eight.
