

Photography Minor Course Requirements

Please keep in mind that your Major and your Minor requirements must be from the same catalog year. The first catalog year for the Photography Minor is 2015-2016. If your catalog year is previous to Fall 2015, you can request to be assigned a later catalog.

Speak with your primary advisor first to ensure requirements have not changed for your major before switching catalog years.

For more information please contact Matt Albritton:

albrittonm@nku.edu / 572-5879
