This two page checklist serves as the program certification for the given track. Please complete, meet with your advisor for verification and submit to the program head in the Visual Arts office FA 312. Students also need to apply for graduation on myNKU along with submitting this checklist before the published submission deadline for graduation (semester before graduation). This form will be scanned and submitted to the Office of the Registrar and the original copy will be kept in your student file.

* Please note: Since 1997, NKU's general education courses have had a "no double dipping allowed" policy. This policy continues with the present general education curriculum.

**Student satisfactorily completing ENG 151H will earn 3 credit hours and will complete the Foundation of Knowledge with 34 earned credit hours.

***In meeting the "Scientific and Quantitative Inquiry", "Self and Society" and "Culture and Creativity" requirements, students may use only one course from any given discipline.

****Students may only apply one foreign language course in fulfillment of the Culture and Creativity category.

+Communication and Math areas should be completed before 45 semester hours are earned.

++Some Natural Science courses require particular ACT or SAT scores in Math in order to register. Please refer to the course catalog for details on individual course pre-requisites.

NOTE: Changes for Fall 2011: ANT 114 was formerly ANT 194; ANT 214 was formerly ANT 294; REL 200 was formerly REL 194 and PHI 200 was formerly PHI 194.

NOTE: Students should consult the Foundation of Knowledge website (<http://gened.nku.edu>) to determine if there have been any changes in the courses approved for each category.

†New General Education Courses for Fall 2018. These courses only fulfill Foundation of Knowledge (FOK) requirements if taken in the Fall 2018 or later. ENG 291, GLY 225, and GLY 230 were renumbered to ENG 102, GLY 125, and GLY 130 for the 2018-19 academic year. STA 212 was deleted, but still counts toward FOK if completed prior to Fall 2018.

General Education Frequently Asked Questions

1. What will be covered in each general education course?

- Every syllabus for a general education course will include the relevant student learning outcomes. See <https://inside.nku.edu/gened.html>. When you search for a course in the myNKU Registration UI there is a course description for each class. This information can also be found in the Undergraduate catalog.

2. Can one course be used for multiple categories?

- No double dipping: students cannot use the same course to satisfy two categories (i.e., ANT 100 cannot be used to complete “Individual & Society” and “Global Viewpoints”). The only exception to this is ENG 151H, which fulfills both “Written I” and “Written II.”
- Often courses can be used to fulfill both general education and major or minor requirements. However, several majors and minors do not allow this form of double dipping or have requirements for courses that cannot be used for general education. Please check with an academic advisor.

3. Can two courses from the same discipline be used to satisfy a category requiring multiple classes?

- No. Only one discipline (course prefix) can be taken per category (the top, dark grey box) other than in “Communication.”
- Three courses from three different disciplines must be taken in “Scientific & Quantitative Inquiry” (one from “Mathematics & Statistics,” one “Natural Science with a Lab,” and one additional “Natural Science”).
- Three courses from three different disciplines must be taken in “Self & Society” (one from “Cultural Pluralism” and two from “Individual & Society”).
- Two courses from two different disciplines must be taken from “Culture & Creativity.” Note, for this rule, all foreign language courses count as a single discipline. Two foreign language classes cannot be used to fulfill this requirement.
For example, a student might count SOC 100 in “Individual & Society” and SOC 101 in “Global Viewpoints,” but cannot count them as “Individual & Society” and “Cultural Pluralism” (both being part of the “Self & Society” category).

4. How long does a student have to complete the “Mathematics & Statistics” and “Communication” requirements?

- ENG 101 should be completed by the time the student earns 30 credit hours. Other “Mathematics & Statistics” and “Communication” requirements should be completed by the time the student earns 45 credit hours.

5. What if a student has academic deficiencies?

- Students admitted with NKU, CPE, and/or PCC deficiencies (admission requirements) must be enrolled in the appropriate course their first year and are highly encouraged to take any academic deficiencies during the first semester. Please check with an academic advisor.

6. Do the new general education courses on this checklist count if a student took them last year?

- No, new courses approved as general education for Fall 2018 only fulfill Foundation of Knowledge requirements if taken Fall 2018 or later.

7. If a student is part of the Honors College, does this change any general education requirements?

- Honors College students beginning at NKU in Fall 18 or later will complete about half of their general education courses through an alternative honors curriculum and half using this traditional checklist. Please contact the Honors College for specifics.
