Mission of the NKU Department of English

The [English Department](#) values critical and creative thinking, innovative research and writing, and ethical engagement in our communities. Students and faculty explore writing in inventive, transdisciplinary ways and foster an understanding of the ways in which literature and writing are created, studied, and understood in their historical, cultural, and political contexts. Our graduates are prepared for the evolving landscape of twenty-first century careers with skills in writing, reading, communication, research, synthesis, analysis, and reflection.

What can an English major do for you? In today's dynamic economy, you will need a diverse set of skills and experiences, a flexible and adaptable outlook, and the ability to think creatively—all of which the major in English provides. The major in English helps prepare you for careers in many professional areas in the private and public sectors, including (but not limited to) business, law, government, public relations, education, business, and non-profit agencies.

ENG EDU track (unique characteristics)

- The degree in English Education is a double major:
In other words, one degree (Bachelor of Arts in English) with two majors:
 1. ENG major (EDU track) – consists of ENG classes
 2. Secondary Education major (to earn a certification in teaching)
– consists of EDU classes
- EDU track students *may* have the *option* of pursuing **two degrees** **IF** student has earned a total of 150 or more hours
- EDU track students are not required to pursue a minor or focus area (it's optional- they can pursue minor or focus area if they wish)
- EDU students do not take ENG 450. Clinical Experience (Student Teaching) fulfills this requirement
- EDU track students have two advisors:
 - ENG major (primary advisor)
 - [EDU advisor](#)

Foreign Language

The study of a foreign language provides ENG students with greater knowledge of grammar and an appreciation for the ways in which languages work. Six credit hours (two courses) are required for all ENG majors.

- The two options to meet the Foreign Language requirement are:
 1. Intermediate-level proficiency in a language previously spoken* or used to satisfy the NKU entrance requirement. You can demonstrate intermediate-level proficiency by either completing the 201 and 202 courses in the language studied in high school or by attaining an acceptable score in the CLEP test in that language.

2. Novice-level proficiency in a second foreign language. You can demonstrate novice-level proficiency by completing two semesters of a language not previously studied or spoken.
 - For a language taken in high school or previously spoken, students should take the foreign language placement exam:

 - Since most ENG classes are held in Landrum, be aware that there is an *AED located in Landrum in the 3rd floor lobby near the elevators*
- Opioid overdose can quickly lead to death without intervention. The purpose of the program is to treat opioid overdose like any other medical response and reduce the number of deaths resulting from opioid overdoses. NKU has implemented the NaloxBox Program to help fight the opioid epidemic.
