

## Scholarships and Student Awards

The department of Construction Management awards several annual scholarships to its students, based on merit, need, or both. These scholarships are separate from other financial aid and scholarships offered by the University and the College. Department scholarships include the Macy's Scholarship (\$1,000 each for five students, requiring application and an essay), the Construction Specifications Institute (CSI) Scholarship (\$750 each for 2 students), the Homebuilders Association Scholarship (varying), and the Spirit of Construction Scholarship (\$2,500 each for 2 students, in addition to \$2,500 for qualified veterans). Students are also encouraged to apply for extra-mural scholarships including the Allied Construction Industries (ACI) Scholarship (\$1,500).
