

INTERDISCIPLINARY EARLY CHILDHOOD EDUCATION BIRTH TO PRIMARY (Master degree programs include Teacher Leader Endorsement) (Master's for Rank II (2780), Master's for Rank I (126), Certification Only (3998), Specialist (3777))

- 1) The curriculum contract for the Specialist with IECE certification does not include all the admission criteria: 4Cs and Code of Ethics. No contract for this program was posted on the website with the other IECE contracts.

This has been corrected.

- 2) The NAEYC table does not demonstrate how Standard 7 (Field and Clinical Experiences) is ensured by these programs. Information provided in the rejoinder is not reflected on the NAEYC table (SPA spreadsheet).

The information in the rejoinder has been included into the SPA Spreadsheet.

- 3) Information regarding partnerships was not provided for this program.

Information regarding partnerships is included on page two of the title page document

NOTE: On the courses spreadsheet the Program Code (column C) should identify the numerical code (not the resulting credentials). The codes should match those listed above.

This has been corrected
