While our Quality Control Department follows extensive measures to select and remove examples of shifting from your order, some movement between colors is regarded as acceptable and within industry standards. The following page contains examples of how the artwork may shift on the press. If a slight shift is not acceptable, please choose a one color imprint or our ColorVista/Digital process (if available).

Example 1

Shanna Osborne
Owen County Care Coordinator
(502) 514-1929
osbornes8@nku.edu

Don Salchi
