Program Enrollment and Graduation Data

The Data Science program prides itself in giving students quality education and ensuring that our students get the care they need as they progress through the program. In view of the high student to faculty ratio, most students have an increased interaction time with faculty, a factor that improves student's engagement in the program. The table below shows the programs enrollment and graduation numbers since its inception in the 2013-2014 academic year.

Year	Enrollment	Graduation
2020-2021	42	5
2019-2020	36	12
2018-2019	39	8
2017-2018	45	5
2016-2017	37	5
2015-2016	32	0
2014-2015	22	0
2013-2014	5	0
