## No more than 6 hours of CIT 392/399/492/499 can count toward the major.

* Students with the current certification** (at the time of registering the class(es)) can have course credits based on the following course mappings:
- CompTIA Linux $+\rightarrow$ CIT 371 Unix Systems
- CompTIA Network+ $\rightarrow$ INF 284: Introduction to Computer Networks
- CompTIA Security $\rightarrow$ CYS 285: Cybersecurity Fundamentals
- Cisco Certified Entry Networking $\rightarrow$ CIT 247: Networking Fundamentals
- Cisco CCNP Security Core Exams $\rightarrow$ CYS 484: Networking Security

■ Cisco CCNA Exam $\rightarrow$ CIT 247: Networking Fundamentals \& CIT 447: Network Design/Troubleshooting
■ OCA Oracle Certified Associate $\rightarrow$ CIT 472: Database Administration
Students need to have a copy of their certification stored in their student file to obtain the above course credits.
**Except for Security+ exams SY0-401 and below. These exams have no hands-on component, so students with these certifications will be required to take CIT 285.

Students must have a grade of "C-" or better to meet pre-requisites for all courses unless otherwise indicated.
Students also must earn a grade of "C-" or better and a 2.00 GPA in all courses that apply to the major.
Please consult with your advisor and the appropriate University Course Catalog for all other degree requirements.
