Students seeking the Bachelor of Arts degree in Integrative Studies (BAIS) must complete minors or areas of specialty in three disciplinary or interdisciplinary programs. The requirements for a minor in any program are listed in the relevant department’s pages in the catalog. An area of specialty is defined as 12 credit hours at the 300 level or above in any disciplinary or interdisciplinary program (major or minor). The three areas of study must include at least one area from the College of Arts and Sciences.

We also require IST 185, an introduction to integrative studies, and IST 497, the capstone course, which involves both a portfolio of artifacts and an integrative final project.

Through the ITCC2NKU program a student can attain an Associate’s degree from Ivy Tech and then transfer to NKU to complete a Bachelor’s degree. In the Integrative Studies program students work with advisors to design their own course of study from across the curriculum and integrate what they learn in a capstone project to find coherence, meaning and value in a personal area of interest. Below are just a few examples of pathways that appeal to many students.

- *I would be interested in a career as a paralegal, legal assistant or legal administrator.* A sample plan of study includes an area of specialty in Professional Writing, and areas of specialty

Other programs to consider include Social Work, Education, Women’s and Gender Studies, Health Education, Health Science, Black Studies, and Social Justice.

- **I want to be involved in hospitality, event planning and promotion.** A sample plan of study includes areas of specialty in Psychology, Public Relations, and Communication Studies.
