Assignment #17
CSC 301-001

This assignment is a continuation of Assignment #16.

1. In your Assn16 folder, replace view_users.php with ch10\view_users.php.

2. In view_users.php the following line needs to be changed.
   ```php
   require ('../mysqli_connect.php');
   ```

4. Open Assn16/ view_users.php in your browser.

5. Test to make sure that view_users.php works. Test pagination and column sorting.

6. If you click on “Register” or “Change Password” in the top menu, you will get a “Not Found” error message.

7. You will find password.php and register.php in the ch09 folder. Copy these files into your Assn16 folder. Make a minor editing change to them so they will work properly.

10. Test to make sure that password.php and register.php work.

When you have completed this assignment, email the link to view_users.php to frank@nku.edu with subject “CSC301 Assignment #17”.
