Interested in becoming a STEM Ambassador?

We will be interviewing for 2 STEM Ambassadors for next year!

What is a STEM Ambassador? A STEM Ambassador promotes and develops our STEM (Science, Technology and Math) community here at NKU. STEM Ambassadors are paid a stipend, but on average work about 6 hours/week, leading peer-learning sessions and attending/advertising/promoting and organizing activities for STEM majors. In addition, STEM Ambassadors participate in recruitment fairs and provide activities for STEM week. The position comes with a $1000 stipend per semester. There are a team of 15 STEM Ambassadors working together as a team and receiving leadership training throughout the year.

In order to be considered, you must have achieved at least a B in your STEM curses and be able to work independently.

- For CS majors we are looking for a B or better (or waived) in INF 120, INF 260 and CSC 360.
- For CIT majors we are looking for a B or better in INF 120, CSC 370. Preference to students also with a B or better in CSC 383.

Still interested? Your next steps are:

1. Attend the STEM Ambassador Information Session at noon on Thursday in SC 300. (yes, this Thursday!)

If you have any questions, email doylem3@nku.edu or durbinr2@nku.edu
