

The image is a title card for a project. It features a central white rectangular area with rounded corners, set against a light blue background with horizontal brushstrokes. The white area is framed by a thick orange border. Two red pushpins are at the top corners of the white area. A pink flower with green leaves is on the left side of the orange border. A green starburst is on the right side of the white area. The text 'MAT 115R' is in a large, bold, maroon font, and 'PROJECT' is in a slightly smaller, bold, maroon font below it. At the bottom of the orange border, the text 'By: Kelsey Vornberg' is written in a red, rounded font with a white outline. The background also includes white clouds at the top and green hills at the bottom.

# MAT 115R PROJECT

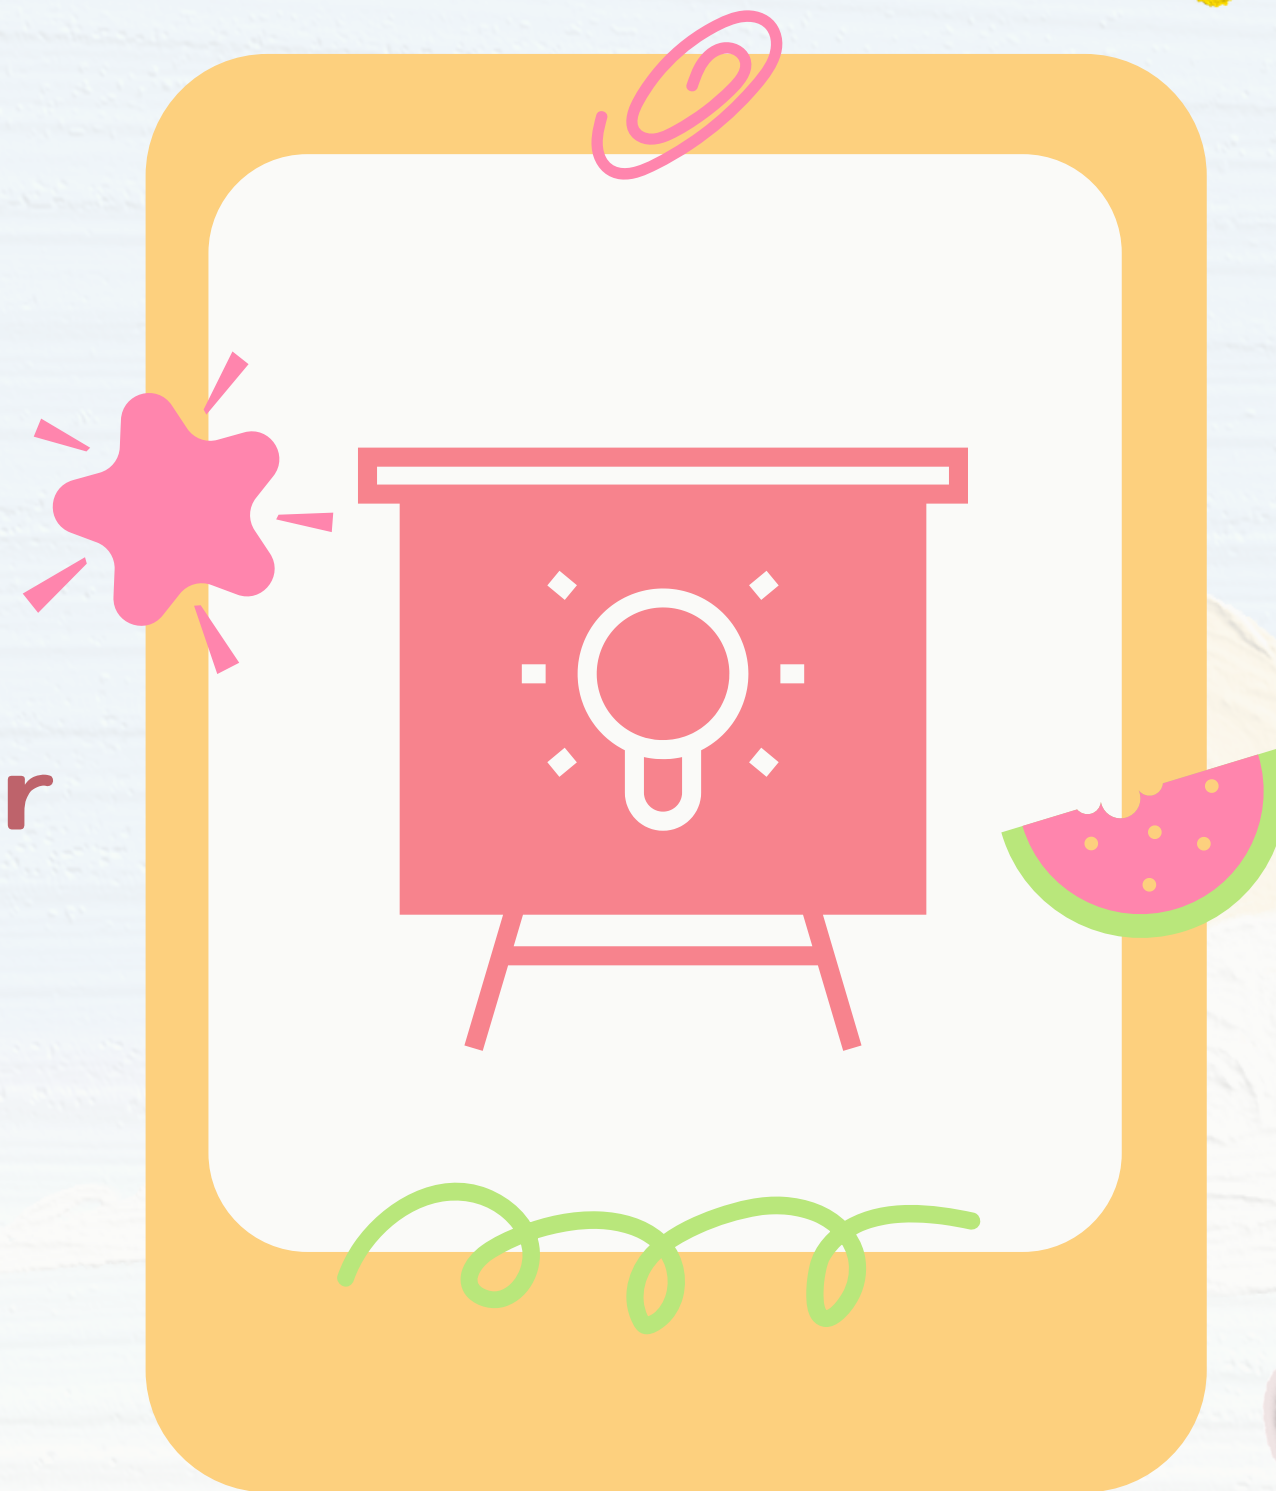

By: Kelsey Vornberg

# PROJECT OVERVIEW

For my project, I created a tour  
guide for Mathema|chemistry!

# BACKGROUND

## INTRODUCING MATT

- Matt A. Malchemy was born on 11/19/97.

Fun Fact: his birthdate is made up entirely of prime numbers.

## HISTORY

- Matt lives at home with his parents Pascal Malchemy and Lilith Fibonacci.
- He has a pet tortoise named Achilles.

# ALL ABOUT MATT

In his free time  
he volunteers  
to build houses  
for homeless  
orphans.

He enjoys  
photographing  
symmetrical  
clouds.

He prefers  
counting in  
binary, mayan,  
and babylonian.

# LIFE GOALS

- In the future Matt hopes to graduate college and become the mayor of Mathema|chemistry.

As mayor, Matt plans to invest heavily into infrastructure and acorns.

THANK  
YOU
