IX. PERFORMANCE REVIEW

A. PURPOSE AND APPLICABILITY

The purpose of the annual performance review is to assess the quality of faculty performance during that year and to measure attainment of the goals and objectives set for the year. This process applies to full-time, tenure-track faculty and to full-time, non-tenure-track renewable faculty. (See Section I.C. regarding applicability to renewable faculty.)

B. CRITERIA

The criteria for evaluation set forth in Section IV.B., Criteria, as modified by Section VIII.E. (Criteria for Effective Performance) and Section VIII.F. (Criteria for Reappointment, Promotion and Tenure) in the case of librarians, shall be the criteria upon which a performance review is based. Any judgment, by a chair or director, that the overall performance of a tenured faculty member is unsatisfactory for the review period will be based upon and consistent with the statement of expectations for adequate performance approved by the faculty member’s department or program.

C. PROCEDURES

Performance review occurs during the spring semester. The period evaluated is the prior January 1 through December 31 calendar year.

The chair or director, in consultation with the department or program faculty, will set the date for the faculty member’s performance review. The performance review should be completed no later than April 1 and no earlier than one week after receipt by all faculty in a department or program of fall semester student evaluations. Prior to that date the faculty member will prepare a written statement of his/her performance, including a statement of goals and objectives for the coming year. The chair or director will meet with the faculty member to discuss the performance, assess attainment of goals and objectives, and set goals and objectives for the coming year. The chair or director will be responsible for preparing a document summarizing the performance evaluation, goals and objectives assessment, and goals and objectives set for the coming year. Both parties will sign the document to verify that the review has occurred. If differences of opinion exist, they shall make every effort to resolve them. If the content of the summary is unsatisfactory to the faculty member, the faculty member is responsible for providing a written addendum stating the difference(s) of opinion. All performance review documents, including the faculty member’s original written performance evaluation,
statement, shall become a part of the faculty member's personnel file maintained in the department or program; a copy must be given to the faculty member, to the dean, and to the Provost.

The faculty member may use his/her copy of the performance evaluation to support applications for reappointment, promotion, tenure, or any combination of them, or in grievance procedures. Otherwise, the chair or director, dean, and Provost must keep the contents confidential. In the event that a post-tenure review is triggered, the faculty member's annual performance review materials from the two most recent reviews, including the chairperson's own evaluation letters, will be made accessible to the P-TR committee and can be used in evaluating that individual's performance and must remain confidential.

If circumstances change during the year, the faculty member and chair or director may agree to amend the goals and objectives for that year.

D. APPEAL PROCEDURE

A faculty member convinced that misevaluation is damaging his/her professional status or advancement may pursue one of the complaint processes as set forth in Section XV., Grievances.
